CORNERSTONE CAPITAL RESOURCES INC.

STATEMENT OF CORPORATE SOCIAL RESPONSIBILITY

Cornerstone Capital Resources Inc. and its subsidiary companies are committed to building shareholder value by generating exploration projects with excellent potential for discovery and advancing those projects through joint venture and strategic partnerships with other exploration and mining companies. In so doing we are committed to:

- Maximizing long-term benefits to shareholders;
- Providing a safe and healthy work place;
- Minimizing adverse environmental and social impacts;
- Maximizing the opportunities from our operations for those in the areas where we operate.

CORPORATE SOCIAL RESPONSIBILITY PRINCIPLES

In all aspects of our business and operations, we will:

- Protect the health and safety of our employees, contractors and communities;
- Respect human rights and treat those with whom we deal fairly and with dignity;
- Respect the cultures, customs and values of people with whom our operations interact;
- Conduct all facets of our business with excellence, transparency and accountability;
- Comply with all laws and regulations in each jurisdiction where we operate and apply standards of operation that reflect our adherence to these guiding principles and to best international practices;
- Seek to minimize the impact of our operations on the environment;
- Proactively seek, engage and support dialogue regarding our operations;
- Support the capability of communities to participate in opportunities provided by our activities;
- Be responsive to community priorities, needs and interests at all stages of our activities;
- Practice continuous improvement through the application of new technology, innovation and good practice in all facets of our operations.
